1. Qualitative information for the third quarter of the fiscal year ending March 31, 2018

(1) Explanation on consolidated financial results

The Japanese economy continuously showed moderate improvement in employment and corporate earnings during the first nine months of the consolidated fiscal year under review. Consumer spending showed a moderate recovery, while unclear situation for the future prevailed, due to uncertainty of global economy and financial capital market.

In terms of the global economy during the period subject to consolidated accounting from January to September, the U.S. economy showed dynamism such as continuing increase in consumer spending due to stable employment and income environment. Europe showed a moderate recovery as consumer spending was continuously stable. In Asia, the Chinese economy was stable supported by the government measures.

While the Company and its corporate group continued going strong in South American Salmon/Trout business in the Marine Products business, costs increased as an up-front expenditure in Fine Chemicals Business.

Under these circumstances, the consolidated financial results through the third quarter of the consolidated fiscal year under review were as follows: net sales was 516,321 million yen, an increase of 47,500 million yen year-on-year; operating profit was 20,591 million yen, up 1,876 million yen year-on-year; ordinary profit was 21,336 million yen, up 616 million yen year-on-year; and the profit attributable to owners of the parent company was 16,427 million yen, up 4,050 million yen year-on-year.

Note: operating profit of the Marine Products business includes 593 million yen profit on valuation of fish (297 million yen profit on valuation of fish in the previous fiscal year) in the aquaculture pond of the South American salmon/trout aquaculture business.

(1) Marine Products Business

The Marine Products segment is engaged in the fishery, aquaculture, and seafood processing and trading businesses.

<Overview of the third quarter of the consolidated fiscal year under review>

In the Marine Products business, sales in the amount of 219,373 million yen (up 24,093 million yen year-on-year) and operating profit of 10,549 million yen (up 3,794 million yen year-on-year) were recorded.

Fishery Business: Both revenue and income decreased year-on-year.

[Japan]

• Both revenue and income decreased due to poor catch of high-price fish and increase in repair costs and depreciation cost of newly built vessels.

[South America]

• Both revenue and income decreased due to poor Hoki catch.

Aquaculture Business: Both revenue and income increased year-on-year.

[Japan]

• While Tuna sales price decreased, sales volume of Yellowtail increased and sales price of Salmon/Trout increased. As a result, both revenue and income increased.

[South America]

• Both revenue and income increased significantly as sales price increased and farming performance was good in Salmon/Trout farming business in South America.

Seafood Processing and Trading Business: Revenue increased but income decreased year-on-year.

[Japan]

• Though sales of fresh fish was stable, income decreased as costs of Fish Feed and Oil increased and purchasing price of Salmon/Trout increased.

[North America]

• Income increased because of higher Pollock roe sales and labor costs reduction.

[Europe]

• Both revenue and income increased thanks to the strong sales in the new businesses and foreign exchange effect.

(2) Food Products Business

The Food Products segment is engaged in the food processing and chilled foods businesses.

<Overview of the third quarter of the consolidated fiscal year under review>

In the Food Products business, sales in the amount of 248,064 million yen (up 22,292 million yen year-on-year) and operating profit of 8,703 million yen (down 694 million yen year-on-year) were recorded.

Processed Foods Business: Revenue increased but income decreased year-on-year.

[Japan]

• While cooked rice category of frozen food and seafood sausage went strong, income decreased due to higher sales costs and struggled shelf stable food business caused by shortage of fishery raw material for canned products.

[North America]

• Income increased as review of SGA expense in retail frozen food covered the increase of major raw material costs in frozen food for food service business. Revenue increased mainly by foreign exchange effect.

[Europe]

• Both revenue and income increased thanks to the strong sales in existing and growing category despite higher raw material costs.

Chilled Foods Business: Revenue increased but income decreased year-on-year.

[Japan]

• Sales of deli foods and cooked noodles to convenience stores increased, but income decreased due to production cost increase.

(3) Fine Chemicals Business

The Fine Chemicals segment is engaged in the manufacture and sale of pharmaceutical raw materials, functional raw materials (Note 1), functional foods (Note 2), pharmaceuticals and diagnostic medicines.

<Overview of the third quarter of the consolidated fiscal year under review>

The Fine Chemicals business posted sales in the amount of 18,962 million yen (up 176 million yen year-on-year) and operating profit of 1,016 million yen (down 1,820 million yen year-on-year).

[Pharmaceutical Raw Materials, Functional Raw Materials and Functional Foods]

• Income decreased due to depreciation cost increase in new Kashima plant and promotion cost increase in functional food business.

[Clinical Diagnostic Medicines, Pharmaceuticals and Cosmetics]

• While sales of clinical diagnostic medicines were strong, income decreased due to various costs increase including production costs.

(4) General Distribution Business

The General Distribution segment is engaged in the cold storage, transportation and customs clearing businesses.

<Overview of the third quarter of the consolidated fiscal year under review>

In the General Distribution business, sales in the amount of 12,558 million yen (up 364 million yen year-on-year) and operating profit of 1,667 million yen (up 182 million yen year-on-year) were recorded.

• Both revenue and income increased thanks to sales increase of Oosaka-Maishima Logistics Center and strong business in existing cold storages.

(Note 1) Functional raw materials consist of EPA, DHA, cholesterol, Orange Roughy oil and others mainly used as ingredients of foods and cosmetics.

(Note 2) Functional foods mainly consist of food for specified health uses such as IMARK and IMARK S, and supplements such as EPA and DHA.

(2) Explanation on consolidated financial position

State of assets, liabilities and net assets

Assets

Current assets increased by 15.7% compared to the end of the previous consolidated fiscal year to 269,669 million yen, mainly as a result of increases in notes and accounts receivable by 20,590 million yen, merchandised and finished goods by 4,601 million yen and raw materials and supplies by 5,678 million yen.

Noncurrent assets increased by 5.4% compared to the end of the previous consolidated fiscal year to 230,502 million yen, mainly as a result of a increase in property, plant and equipment by 8,370 million yen and investment securities by 2,925 million yen.

As a result, total assets increased by 10.7% compared to the end of the previous consolidated fiscal year to 500,171 million yen.

Liabilities

Current liabilities increased by 16.3% compared to the end of the previous consolidated fiscal year to 251,446 million yen, mainly as a result of increases in notes and accounts payable by 10,019 million yen and short-term loan payable by 18,296 million yen.

Noncurrent liabilities decreased by 4.9% compared to the end of the previous consolidated fiscal year to 89,844 million yen, mainly as a result of decreases in long-term loans payable by 4,884 million yen.

As a result, total liabilities increased by 9.9% compared to the end of the previous consolidated fiscal year to 341,290 million yen.

Net assets

Total net assets increased by 17,675 million yen compared to the end of the previous consolidated fiscal year to 158,881 million yen. This was due mainly to post profit for the quarter attributable to owners of parent by 16,427 million yen and increase in valuation difference on available-for-sale securities by 2,604 million yen.

(3) Explanation of Consolidated Financial Results Forecast and Other Forecast Data
